CR2
Channel Banking Innovation

CR2 is a software house specialising in channel management software for the banking industry.

We are an international company servicing a global client base with offices in Dublin, Dubai, India and Perth. CR2 is currently looking to further expand its Perth operation and has vacancies for highly motivated Engineering or Computing graduates with experience in C and UNIX.

Successful candidates will work with major international banks and corporations. New employees will be involved with all areas of our operation which will include development, system support and system installations.

Good communication skills and a mature self-motivated attitude are essential. Candidates are also expected to have a clear methodical approach to problem solving and be capable of managing projects.

In order to service our wide spread client base international travel will form part of this role.

Please send your CVs to: - Email: domenic.strano@cr2.com or jayne.jones@cr2.com

Applications close 5th June 2006
