Exciting Employment Opportunities

ChellTech Pty. Ltd. is an early stage web technology company based in Perth, Western Australia. With development currently underway on a large scale web application we are seeking proficient software developers to assist in the development and deployment of this system.

The available positions would suit people with a passion for programming, an interest in early stage companies and the desire to be part of a streamlined, dynamic and fun working environment. Applicants with both part time and full time availability will be considered.

The successful applicants will be required to develop web based applications built on top of a proprietary web framework & provide technical support.

In order to be considered for this position, applicants should have the following qualifications and skills:
• Web development skills.
• Excellent coding & database skills.
• Strong Interpersonal & Communication skills.
• Solid understanding of object-oriented concepts.
• SQL and relational database knowledge.
• Experience with C#.

Highly motivated applicants that do not meet one or more of the above qualifications will still be considered.

This is an opportunity to work in a fast moving, rewarding, and dynamic environment.

The successful applicants must reside in Perth.

All applications will be treated with the strictest confidence and must be received by Friday 16/3/2007.

Please forward your application to:
