

Qui Robinez, Sonorous

32 Programs for the Korg Kronos.

Thank you for downloading this soundset.

This soundset is made exclusively for the Korg Kronos synthesizer. It uses lots of the special features that the Korg Kronos engines has to offer.

There are Bass, Lead, Keys and Pad sounds in this set. These sounds are created for the Ambient Style. All sounds are programmed to fit in that style. If you modify the wet effect level in the effect area then of course the sounds can be used in any style that needs a more dry effect sound.

With this sound set i start trying out a new shop model based on donations. There is more info about this at the end of this document.

Disclaimer:

All sounds can be used freely in any commercial and non-commercial musical production. It's not allowed to redistribute the content in this sound set without permission of Qui Robinez.

Installation Guide

The Sonorous sound library will be loaded in program Bank locations UFF000 till UFF-127

Be sure that you don't have any sounds in that bank that you want to save, because those locations will be overwritten. If you want to save your sounds then save your current bank with the 'SAVE ALL' or 'SAVE PCG' function.

If you don't know how to do this see the explanations in the original Kronos manuals sections:

- *Kronos Quick Start: Page 25*
- *Kronos Parameter Guide: Page 829*

To install the Sonorous Sound Library do the following steps:

- Unzip the SONOROUSQR.zip file
- You will have 2 files:
 - SONOROUSQR.PGC (the sound data file)
 - SONOROUSMANUALQR.PDF (the Manual)
- Copy the SONOROUSQR.PGC file to an USB drive (thumb drive)
- Connect the USB drive to the Kronos
- Now press the Disk Button
- Press the Load Tab on screen
- At the bottom you will see a dropdownlist where you can select your USB drive
- Select the SONOROUSQR.PGC file and press the *Load* button to load the sound library in bank UFF.

(If you want to load the programs in a different bank then choose a different bank).

Donations

Originally this set was intended to sell as a commercial library. But the world is changing, my view is that everyone should be able to use the sounds that i create. Therefor this sound set is free of charge. But if you are really pleased with the sounds i create and share for free and you want to show your appreciation then a donation would be greatly appreciated.

If you want to give a donation for this set or my other work, then please contact me at: info@quirobinez.nl or through the contact form on my website.
